

WHY NC SPORT

We'd like to introduce you to the SUV of the Sea! The NC Sport line is geared up and ready for any adventure! From fishing on the bay to transporting your kayaks to explore shallow coves -- the NC Sport has the capability to do so.

The V-shaped hull of the NC Sport line was designed to be stable and fast. With clever design features for security, ergonomics and comfort onboard the NC Sport line is the versatility you've been waiting for.

MEET HENRI JEANNEAU

In 1957, in the small town of Les Herbiers, France, Henri Jeanneau discovered his love for powerboating. He built his first wooden hull with which he placed first in the 6-hour Paris Race. A year later, the shipyard built its first fiberglass hull – a breakthrough in technology during that time. And now the rest is history.

Today, Jeanneau Outboards are built in Cadillac, Michigan and Ostroda, Poland. Jeanneau has grown over the past 60 years, with more than 400 Jeanneau Dealerships worldwide in nearly 70 countries – including the United States and Canada.
