

WHY LEADER CENTER CONSOLE

The Leader Center Console Lineup is the ultimate boat for family fun on the water. Not like the traditional American Center Console, the Leader CC is innovative. Whether it's tubing, wakeboarding, or fishing -- the Leader CC Range has it all. Built for cruising and weekend getaways, the CC offers berths and ample entertaining space for the entire family.

MEET HENRI JEANNEAU

In 1957, in the small town of Les Herbiers, France, Henri Jeanneau discovered his love for powerboating. He built his first wooden hull with which he placed first in the 6-hour Paris Race. A year later, the shipyard built its first fiberglass hull – a breakthrough in technology during that time. And now the rest is history.

Today, Jeanneau Outboards are built in Cadillac, Michigan and Ostroda, Poland. Jeanneau has grown over the past 60 years, with more than 400 Jeanneau Dealerships worldwide in nearly 70 countries – including the United States and Canada.
