

WHY LEADER

Two words. Unmatched versatility. The Leader Lineup was designed for coastal and inland cruising and built to last. Sporty and sleek, the Leader's V-shaped hull is stable and powerful, ensuring excellent seakeeping. The layout sets the Leader line apart from the competition. Whether on the bow taking in the rays or around the cockpit table entertaining friends -- the Leader Lineup has the entertaining space you need.

Overnights are easy. The comfortable berths down below sleep 2-4 people and are roomy enough for a weekend away.

MEET HENRI JEANNEAU

In 1957, in the small town of Les Herbiers, France, Henri Jeanneau discovered his love for powerboating. He built his first wooden hull with which he placed first in the 6-hour Paris Race. A year later, the shipyard built its first fiberglass hull – a breakthrough in technology during that time. And now the rest is history.

Today, Jeanneau Outboards are built in Cadillac, Michigan and Ostroda, Poland. Jeanneau has grown over the past 60 years, with more than 400 Jeanneau Dealerships worldwide in nearly 70 countries – including the United States and Canada.
