

WHY LEADER

Combining elegance, luxury and performance, the Leader lineup stands out with its distinctive design and sporty character.

Designed by Garroni Design, the high-end sporty models have high performance hulls that combine comfortable exteriors with innovation interior layouts. The sleek continuous windows in the hull, the interior is bright and filled with natural light. Numerous entertaining spaces on the Leader line allows for you to enjoy the space comfortably.

MEET HENRI JEANNEAU

In 1957, in the small town of Les Herbiers, France, Henri Jeanneau discovered his love for powerboating. He built his first wooden hull with which he placed first in the 6-hour Paris Race. A year later, the shipyard built its first fiberglass hull – a breakthrough in technology during that time. And now the rest is history.

Today, Jeanneau Outboards are built in Cadillac, Michigan and Ostroda, Poland. Jeanneau has grown over the past 60 years, with more than 400 Jeanneau Dealerships worldwide in nearly 70 countries – including the United States and Canada.
