

WHY NC

Introducing the Ultimate Outboard Cruiser to hit the market. The NC Range offers the perfect family cruiser, ideal for a weekend away or simply a day on the water.

The recessed side-decks are a key feature of the NC range allowing for easy access about the boat. The large L-shaped cockpit lounge fits a large group and can be converted into a sunpad. On the interior the salon and galley bask in light,

If you are looking for a year-round outboard, look no further. The NC Range has it all.

MEET HENRI JEANNEAU

In 1957, in the small town of Les Herbiers, France, Henri Jeanneau discovered his love for powerboating. He built his first wooden hull with which he placed first in the 6-hour Paris Race. A year later, the shipyard built its first fiberglass hull – a breakthrough in technology during that time. And now the rest is history.

Today, Jeanneau Outboards are built in Cadillac, Michigan and Ostroda, Poland. Jeanneau has grown over the past 60 years, with more than 400 Jeanneau Dealerships worldwide in nearly 70 countries – including the United States and Canada.
