

## WHY LEADER

Synonymous with excellence, luxury and high-performance, the LEADER line features a distinguished design and a sporty attitude. These inboard Express models with high-performance hulls marry comfortable exteriors with innovative interior layouts. Their contemporary style invites relaxation.

## MEET HENRI JEANNEAU

In 1957, in the small town of Les Herbiers, France, Henri Jeanneau discovered his love for powerboating. He built his first wooden hull with which he placed first in the 6-hour Paris Race. A year later, the shipyard built its first fiberglass hull – a breakthrough in technology during that time. And now the rest is history.

Today, Jeanneau Outboards are built in Cadillac, Michigan and Ostroda, Poland. Jeanneau has grown over the past 60 years, with more than 400 Jeanneau Dealerships worldwide in nearly 70 countries – including the United States and Canada.
