

JEANNEAU

2026

HISTORY OF JEANNEAU

1957

In the small town of Les Herbiers, France, Henri Jeanneau built his first wooden hull with which he placed first in the 6 hour Paris Race.

1958

The shipyard built its very first fiberglass hull – a breakthrough in technology during that time.

1963

Sea Bird, the first production-line powerboat was built.

1980

The Cap Camarat Line (known as Leader Line in North America) was born.

1981

Jeanneau won the first three places in the Nyamey-Bamako Rally, a test of endurance covering over 1,242 miles.

1996

Jeanneau America is established in Annapolis, Maryland.

2017

The NC 895 begins production in Cadillac, Michigan.

2021

Jeanneau America moves headquarters to Fort Lauderdale, Florida

TODAY

Jeanneau Outboards are built in Europe with over 200 dealerships worldwide in 80 countries.

JEANNEAU MISSION

To allow everyone to discover the pleasures of the sea, and to experience in complete serenity those singular moments spent on the water. No other builder can offer the same level of cutting-edge design, superior finish, performance and customer satisfaction, all in a competitively priced package.

CRAFTSMANSHIP

At Jeanneau, skilled craftsmen and professionals have always been essential to boat construction. They transmit their experience and their passion for work well done. A reference among boatbuilders, Jeanneau is distinguished by the elegance of its boats. Their pure, modern lines are drawn by internationally renowned naval architects, who bring innovative ideas to each new project.

A LARGE INDUSTRIAL FOOTPRINT WITH QUALITY PRODUCTS

Jeanneau owns the largest production site for cruising boats in Europe, stretching to 100 acres. Our formula for success: Combines more than 65 years of practical boat building savoir-faire with the latest construction technologies. Invest in and continuously improve technologically advanced factories with ergonomic production lines, computerized processes and efficient logistic supply chains. Translate the efficiencies into lower costs and higher quality for the customer.

BECOME PART OF THE JEANNEAU FAMILY!

When you purchase a Jeanneau you become part of our family. At Jeanneau, we know that delivering excellent boats is only the beginning; excellent customer service must follow. Feel at ease when you purchase your Jeanneau in North America! You have the full support of Jeanneau America's customer service team.

THE JEANNEAU SPIRIT

Over 65+ years of solid construction "savoir-faire".

Excellence in innovative technology.

Up to 10-year warranty.

ISO 14001 and 9001 Certified Boats.

Over 200- Outboard distributors worldwide.

Commitment to sustainable development.

1295 COUPE

NC 1295 COUPE

1. THE FLAGSHIP COUPE Building on the success of the NC 1295 Fly, Jeanneau introduced the Coupe version to meet the needs of boaters who cruise year-round, in every season. Designed for regions with variable weather or clearance restrictions, the NC 1295 Coupe delivers the same hallmarks of the NC line—versatility, modular living spaces, and innovative layouts—within a fully enclosed design. Expansive windows, abundant natural light, and seamless indoor/outdoor transitions ensure comfort in all conditions, whether you're enjoying summer breezes or cruising through cooler, shoulder-season days.

2. YACHTING STYLE This 40-foot boat was designed to be exceptionally easy to handle, with intuitive controls for enhanced accessibility and maneuverability. Equipped with features inspired by larger yachts, like a joystick, gyroscopic stabilizer, and triple 300 HP outboard engines, the NC 1295 Coupe offers stable, comfortable cruising and effortless planing for a smooth, enjoyable experience on the water.

3. FORWARD LOUNGE AREA Wide, secure side decks lead forward to the bow, where guests can relax on a trio of adjustable sunpads. A forward-facing bench seat completes the space, offering another inviting spot to enjoy a sunrise coffee, sunset cocktail, or a quiet escape while underway.

4. VERSATILE AFT COCKPIT Step aboard through the starboard platform gate or the portside opening. The spacious cockpit is designed for entertaining, with a generous L-shaped lounge and dining table to port. To starboard, the fold-down terrace extends your living space right over the water—ideal for swimming, lounging, or entertaining dockside.

5. BRIGHT & CONNECTED SALON The galley sits aft and opens directly to the cockpit, making it easy to host and stay part of the action. A raised U-shaped dinette with panoramic views is forward, opposite the helm. Large windows and sliding glass doors flood the interior with natural light and fresh air, creating a seamless connection between indoor comfort and outdoor living.

6. CONFIDENT HELM CONTROL Docking and maneuvering are made simple with the starboard-side pilot door, offering quick access to the side deck when short-handed. The helm station features dual navigation displays, joystick control, and autopilot technology, giving you complete confidence at the wheel.

7. COMFORTABLE OVERNIGHTING Below deck, two private guest cabins and a shared head provide comfortable accommodations for family or friends. Forward, the spacious owner's stateroom includes a large island berth, plentiful storage, and a private en suite with a separate shower—making extended cruising a true pleasure.

1295 FLY

NC 1295 FLY

1. EXCELLENT PERFORMANCE Powered by triple outboard engines, 3 x 300 HP, the NC 1295 Fly planes early, even at moderate speeds, to ensure fuel efficiency and maximum comfort on board.

2. FLYBRIDGE CRUISING A stainless-steel ladder with teak treads on the starboard side of the aft deck leads to the flybridge through a closeable hatch. Immediately ahead is the well-equipped helm console, positioned for ease of docking alongside to starboard. The flybridge comes standard with refrigerator and optional galley. Guests can take in the sun on a large pad forward, or relax in a U-shaped lounge with table aft and to port. Cool off with a beverage from the flybridge refrigerator. Galley is optional.

3. LOUNGE FOR DAYS A wide side deck leads to the forward cockpit with well-positioned hand-holds and tall hand rails. The foredeck features a trio of sun lounges, plus a bench seat ahead, bringing to three the number of on-deck areas for recreation or personal getaway.

7

4. ROOMY AFT COCKPIT Boarding takes place at the starboard transom platform and gate or through the portside opening gate. A large L-shaped lounge with table is located to port while an electrically controlled starboard terrace can be deployed, providing even more entertaining space in the cockpit.

5

5

5. BRIGHT & OPEN SALON The interior galley is completely open to the the aft cockpit, connecting your living space on board. A large U-shaped raised lounge with table is just forward of the galley, opposite the helm. Abundant light and natural ventilation from the surrounding windows makes the interior a very desirable place to hang out, have meals, or simply keep the helmsman company.

6. DOCKING MADE EASY A large starboard-side door next to the pilot seat makes it easy to access the side deck when docking shorthanded. The helm station is equipped with dual GPS screens, joystick and autopilot technology.

7. OVERNIGHTS ONBOARD Centerline stairs lead from the salon to the accommodations level, which has two private guest staterooms and a shared portside head compartment on the landing level. The master stateroom is forward, complete with large island berth and en suite head with a separate enclosed shower.

NEW 1095 COUPE *SERIES 2*

NC 1095 COUPE S2

1. SMARTER ACCESS AND OUTDOOR LIVING The NC 1095 Coupe Series 2 makes moving around the boat effortless and safe. A convenient side boarding door simplifies dockside access, while the wide aft terrace deploys to create a spacious swim platform. Up front, the redesigned foredeck features integrated sun loungers and facing bench seating, transforming the bow into a true social area for conversation, relaxation, or quiet moments at anchor.

2. REIMAGINED INTERIOR FOR COMFORT Inside, the NC 1095 Coupe Series 2 has been optimized for modern cruising. The galley now extends toward the cockpit with an added bar, creating a natural hub for entertaining and dining. The rotating pilot seat allows the helm station to become part of the shared living space, while two large opening sunroofs flood the salon with natural light and fresh air. Even details like dedicated paddleboard storage make life onboard more practical and enjoyable for families.

3. CABINS DESIGNED FOR LONGER ADVENTURES Below deck, the redesigned cabins bring greater privacy and comfort for extended weekends on the water. The owner's cabin now features direct access to the head and shower, a berth with easier access from both sides, and elegant touches like an LED-lit headboard. A versatile aft cabin with twin beds is ideal for kids or guests, while a third cabin option offers flexibility for storage or additional sleeping arrangements. Combined with increased freshwater capacity and optional upgrades like a second refrigerator, the NC 1095 Coupe Series 2 is ready for longer adventures without compromise.

NEW 1095 FLY *SERIES 2*

NC 1095 FLY S2

1. EASY MOVEMENT & OUTDOOR ACCESS A bold new hull design promotes stability and smoother cruising, while the wide aft terrace deploys to create a large swim platform. A convenient portside boarding door ensures safe and simple dockside access.

2. REDESIGNED FLYBRIDGE The flybridge has been reimagined as a true social hub, with two facing bench seats for dining or cocktails and a foredeck that transforms into sun loungers. This elevated space offers panoramic views whether underway or at anchor.

3. CONTEMPORARY INTERIOR LAYOUT The galley extends toward the cockpit with a new bar area, maximizing flow between interior and exterior living spaces. The rotating pilot seat allows the helm to join the salon, while a built-in TV beneath the portside windshield adds modern comfort. The owner's cabin now features direct access to the head and shower, an LED-lit headboard, and easier berth access. Aft, a spacious twin-bed cabin is ideal for kids or guests, while a third cabin option provides flexibility for storage or additional berths.

895

NC 895

OVER 10 YEARS OF SUCCESS Since its launch 2012, there are over 1,800 NC 895's cruising the world today. The two cabins, 1-head layout on a 30-foot platform, galley up, the versatile aft cockpit, and powered by two outboard engines, all contributed to the success of the NC 895, the perfect family pocket cruiser.

1. NEW PERFORMANCE HULL Inspired by the flagship, the NC 1295, the NC 895 Series 2 is powered by twin 250 Hp, with a new injected hull that is stronger, with a better fit and finish, plus this new infusion process is more respectful to the environment. The hull enables an even faster planing time, while offering maximum comfort and maneuverability.

2. EXTERIOR LIVING SPACES The U-shaped aft cockpit is equipped with a folding bench to port and the table area converts into a massive sundeck. The outdoor upholstery has been refreshed for more comfort plus, there is ample cooler storage underneath the bench seating. Moving forward, the newly designed front cockpit features two extendable large loungers for relaxation onboard plus plenty of room for beverages with six cup holders!

3. MODERN AIRY INTERIOR The contemporary upholstery, grey walnut woodwork paired with large salon windows and sliding doors allow for an extremely open and warm feel inside the salon with panoramic views. The salon dinette transforms to an additional berth for guests while the rotating pilot seat ensures that everyone is part of the conversation.

4. UPDATED GALLEY The new storage friendly galley features durable Corian countertops, large refrigerator, microwave, hot/cold water sink, electric cooktop or propane stove, and a new hinged mini bar that connects the galley with the exterior cockpit.

5. NEW EQUIPMENT ONBOARD Available with a joystick for easy maneuvering, diesel generator for long weekend cruising or Seakeeper powered by lithium batteries for more stability, the NC 895 Series 2 fueled by 250 hp engines allows for a faster, quieter, comfortable ride.

6. BELOW DECK Enjoy the luxury of two spacious cabins and a roomy head compartment, all thoughtfully designed for the comfort and relaxation of everyone on board.

795

NC 795

1. STABLE HULL The traditional V-shape hull provides stability and excellent performance. The bow is higher allowing for more volume inside. Available with a 250 HP outboard engine, the NC 795 Series 2 is ready for all adventures and comes equipped with an optional roof rack.

2. EASY ON AND OFF Access to the boat can be via the oversized swim platforms or a side boarding gate on starboard. The outboard engines can be raised completely out of the water without losing seating space in the cockpit. The aft cockpit bench can slide forward allowing you to enjoy the space.

3. SPACIOUS COCKPIT The outdoor space was designed for coastal cruising. The optional U-shaped aft cockpit is spacious and convertible into a sunpad. Both port and starboard benches fold up and have storage beneath for a cooler. The forward cockpit includes a large sunpad with easy access to open front pulpit.

4. INCREDIBLE VOLUME The salon is bright and open with air condition options: (1) 8,000 BTU on shower power, (2) 8,000 BTU on shower power plus on inverter with lithium batteries. This allows you to extend your boating season in both hot and cold months, and run air conditioning away from the dock.

5. GALLEY The starboard galley is available with double sinks, numerous storage compartments, compatible gas stove or an optional luxury galley with a black countertop and cooktop.

6. SALON SEATING To port there is dinette seating for two that converts to an additional berth. The forward seat doubles as a copilot bench seating and can pivot facing forward while underway. There is also a large storage compartment underneath the salon seating.

7. LOWER DECK Down below, there is a double v-berth, head and shower compartment with optional seating and water heater.

695

NC 695

1. MULTIPURPOSE COCKPIT The aft cockpit features optional U-shaped bench seating that transforms into a large sundeck. The rear bench slides forward enabling the engine to be fully raised while still being able to enjoy the cockpit seating.

2. INNOVATIVE INTERIOR The salon features large hull windows creating an open and bright interior. There are numerous storage compartments including one under the helm seat. The copilot bench seat to port converts from a forward facing cruising position to salon table seating for dining. To starboard is the galley which includes a sink, optional pressured water, 11-gallon fridge, and gas burner. The seating area also converts to an additional berth.

3. OVERNIGHTS Down below the V-berth cabin sleeps two and there is an optional closed head compartment.

4. VERSATILE AFT COCKPIT The NC 895 Sport Series 2 features a vast modular aft cockpit perfect for marine activities and water sports. With two foldaway bench seats that open up the space, it is a perfect place for handling your equipment. As standard, you have a sliding aft bench seat with place to prep for adventure or choose the optional exterior galley for more versatility, complete with a sink and a grill elegantly covered by tinted glass.

5. EASY ACCESS ONBOARD A large central side door on starboard allows for easy access, when loading coolers, paddleboards and even bikes.

6. BELOW DECK The ultimate SUV of the sea, this model features two separate cabins, allowing you to sleep on board and extend your adventures to secluded anchorages. The owner's cabin includes a new sliding door for direct access to a hanging locker and a fixed double berth. The ergonomic bathroom is optimized with a practical vanity space, while the bright, well-ventilated cabins offer a peaceful retreat.

7. OPTIMIZED SALON The interior galley is now positioned further aft, closer to the cockpit and exterior living space, creating a seamless connection. High-quality materials like a Corian countertop and Grey Walnut wood ensure a refined finish. The optional rotating helm seat invites easy conversation in the salon, perfect for sharing the day's adventures.

795 SPORT

NC 795 SPORT

1. CRAFTED FOR ADVENTURE Powered by your choice of a single Yamaha 150HP or 250HP outboard engine, the NC 795 Sport Series 2 with its versatile hull design and will cruise all day long at 26 mph with an average fuel range of 140 miles.

2. VERSITILE FORWARD COCKPIT The NC 795 Series 2 features a super comfortable and versatile forward cockpit that is perfect for hanging out with friends and family. In addition, the L-shaped seating can fully convert to a massive sunpad when at anchor. There is also access for storage down below via the front bench seat.

3. STAY OVERNIGHT Wide side decks provide for easy movement fore and aft and for overnights, there is a good-size berth below along with is equipped with a private head compartment.

4. ENTERTAINMENT VERSION The cockpit for example can be had with your choice of either a large bench seat or exterior galley complete with gas cooktop or live-well located along the back of the pilothouse. Access to the main salon is gained using the lateral sliding door to starboard or an optional double door on the port side of the pilothouse.

5. CIRCULATION VERSION In this version, large sliding glass doors at the back of the pilothouse allow for easy access between the main salon and the cockpit. As an option, a second exterior helm station can be had on the starboard side of the cockpit, ideally suited for those that like to fish. The main salon is equipped with twin bucket seats forward, a freshwater sink to port, and an optional third bucket seat to port.

695 SPORT

NC 695 SPORT

1. TRAILERABLE OUTBOARD The NC 695 Sport Series 2 has a very adventurous look and is trailerable. Paired with an outboard engine, the traditional V-shaped hull is fast and stable under any conditions, with excellent seafaring qualities. In the two-door configuration, there is a sliding glass door aft, well-protected sidedecks and deep cockpit.

2. SPACIOUS COCKPIT Offering maximized space on board, she features plenty of room for dedicated fishing equipment (livewell, rod holders, gunwale roller, cutting board, fish well, and deck washdown pump). The single-door configuration features bench seating located just behind the wheelhouse, sheltered from the wind, and facing a comfortable cockpit salon.

3. INTERIOR WHEELHOUSE The spacious wheelhouse easily accommodates four people around a retractable table and can sleep one or two with optional head compartment.

LEADER 12.5 WA

1. NEW WINDSCREEN VERSION The Leader 12.5 WA is now available with a full windscreen, engineered to blend high-speed cruising and unparalleled protection against wind and inclement weather. This version offers superior cruising comfort with a more dynamic, and sporty appearance. The full windscreen is crafted from tinted glass, complemented by stylized black trim on the frame, which adds to its distinctive style.

2. INNOVATIVE INFUSION HULL Stringers and the hull are molded into one piece providing more fiberglass and less resin. The deep-V hull design has a sharp entry, two lifting strakes, and a spray-reducing chine that extends the full length of the hull, providing predictable handling and exceptional comfort across a wide range of conditions.

3. ERGONOMIC HELM STATION A raised helm station offers clear 360-degree views behind a protective windscreen, and three high-back helm chairs with leaning post capabilities. The large dash can accommodate a pair of 16" Garmin chartplotters, and offers a centerline wheel with power hydraulic steering, with precise control at all speeds, and standard Joystick HelmMaster.

4. VERSATILE COCKPIT A roomy L-shaped lounge with an aft seatback that folds aft to form a comfortable sun pad, and with a GRP table with removable legs.

5. THREE PERSON LOUNGERS The forward cockpit offers raised triple chaise lounge seating facing forward with additional bench seating in the bow. Options like a moveable table and filler cushion reimagine the forward cockpit as a private sun pad.

6. CABIN WITH CONVERTIBLE KING SIZE BED Amidships owner's cabin has a filler cushion to create a full-sized king bed. Over-nights are made possible with a standard Panda diesel generator and air conditioning.

7. GALLEY AND CONVERTIBLE SALON Forward the salon seating transforms to a king size bed with an optional divider curtain while the fully equipped galley is complete with a ceramic cooktop, fridge, optional microwave, plus storage.

8. SPACIOUS HEAD To starboard there is a spacious enclosed head and shower with port hole for ventilation.

9. STANDARD FOLD DOWN TERRACE Engage a switch to reveal the electric drop-down terrace to port, increasing the entertaining space. There is also an optional removable swim ladder and lifelines for the terrace.

10. SHADE FOR DAYS An optional remote-controlled SureShade sun-awning is available along with a sunshade for the front cockpit giving you total protection from the sun.

11. ENTERTAINMENT ISLAND Here you have a full cockpit galley with room for outdoor food prep including a working countertop with an electric grill, two sinks (optional or livewell), a 13-gallon fridge, and loads of storage for kitchenware. To adapt to your boating needs, there are options for a second 13-gallon fridge or an icemaker.

10.5 WA

LEADER 10.5 WA

1. NEW WINDSCREEN VERSION The tall, wraparound windscreen distinctly defines the helm station, providing excellent protection from the elements. The pilot and co-pilots remain well-shielded while still enjoying the sea breeze, thanks to a ventilation system integrated into the central panel. This upgraded design not only boosts comfort but also inspires confidence when navigating challenging waters, ensuring you can fully experience the boat's performance and cruising potential with peace of mind.

2. INNOVATIVE HULL DESIGN The Leader 10.5 Series 2 features an all-new running surface. Designed by Michael Peters, the entire hull is now vacuum-bag resin-infused bringing more strength and more rigidity to this sport boat.

3. AT THE HELM The oversized, stylish, and fully equipped T-Top will provide the shade you need when underway. The Leader 10.5 features three separate seats with bolsters and armrests for maximum comfort. The dash panel can accommodate up to two 12 inch Garmin displays to keep you situated and all the control buttons are at your fingertips.

4. ROOMY FORWARD COCKPIT The portside sidedeck is recessed to ensure safety when moving to the forward cockpit. The forward cockpit is safe and comfortable while underway with three integrated chaise lounges with an additional filler cushion (optional) to extend the sunpad.

5. VERSATILE COCKPIT The cockpit brings incredible versatility to cater to the needs of the entire family spending a day on the water. Optional flip-down benches on either side creates a U-shaped seating for the days when you feel like entertaining while the standard opening terrace on port, equipped with an optional ladder and guardrails will prove to be the perfect spot to jump off the boat.

8

6. ENTERTAINMENT ISLAND The outdoor galley located just behind the helm seats faces the cockpit and includes a fridge, electric grill, sink, and either a livewell or additional storage.

7. COMFORTABLE SALON Forward, our traditional breakfast nook converts into a V-berth available with a separation curtain. This boat can be equipped with 12,000 BTU air conditioning and a Fischer Panda Generator to keep you cool inside on hot summer days or nights.

9

8. AFT DOUBLE BERTH Aft you will find a sleeping area that either can be open to the rest of the cabin or closed off with an optional separation door.

9. FULLY EQUIPPED GALLEY The stairs to the main salon are easy to descend and to port you will find a fully equipped interior galley with stove, fridge, and microwave.

10

10. SEPERATE HEAD + SHOWER To starboard, the Leader 10.5 has a large head with separated shower compartment making weekends on the water easy.

9.0WA

LEADER 9.0 WA

1. THE BEST OF BOTH WORLDS The Leader 9.0 WA Series 2 is a concentration of clever design and functionality offering a comfortable life on board and designed for sharing moments that are pure fun. The Leader Walk-Around Series combines the best use of space on deck like a center console, while providing overnight accommodations like traditional cabin cruisers.

2. SPORTY NEW HULL Designed by Michael Peters, the Leader 9.0 WA S2 features a new V-shaped hull that provides excellent top end cruising speeds plus remarkable seakeeping abilities. The new sleek silhouette is inspired by 10.5 Series 2 and features a redesigned T-top and glass windscreen for more protection at the helm.

3. CLEVER MODULAR EXTERIOR The transformative L-shape aft cockpit is extremely roomy and comfortable, converting into a massive sundeck. To port, the dropdown side terrace extends the living space and provides a great place to access the water.

4. ENTERTAIN FOR DAYS The new entertainment island comes with three different configurations. Choose your ideal galley setup with options that include a sink, electric grill or gas stove, refrigerator, storage, livewell or enjoy the bench with a cushion for seating in standard configuration.

5. COMFORTABLE BOW SEATING Moving forward on starboard, you have a highly secure deep sidedeck, and like her bigger sisters, the bow features three sun loungers with cupholders, providing a great space to unwind. Plus, the entire cockpit transforms into a XXL sun lounge with filler cushion.

6. EASY ACCESS Moving aft, you'll find two expansive swim platforms, designed with ample space between them for effortless movement. This thoughtful layout provides excellent access to the engines, ensuring easy circulation for maintenance and other needs

7. COZY MODERN INTERIOR Down below, the interior fit and finish has been updated with sanded-oak and brown oak flooring ushering in even more light with the elongated hull windows. The spacious interior features a galley, forward and aft double berths, plus a full shower and head compartment.

7.5 WA

LEADER 7.5 WA

1. CRAFTED FOR FAMILY FUN The Leader 7.5 Series 3 brings together exceptional performance, all-around good looks, and great onboard living into one impressive 25-foot package.

2. PERFORMANCE BOAT Powered by a single 300HP outboard Yamaha engine, the Leader 7.5 Series 3 is a revival of its predecessor the Leader 7.5 Series 2 but includes a newly designed Michael Peter's hull giving it greater performance. Reach a top speed of 46+ mph while you will cruise comfortably at 30 mph. At the helm, you have your choice of optional electric steering (SBW), autopilot, a Yamaha joystick, and bow thruster, allowing you to dock, maneuver and cruiser comfortably.

3. BOARDING IS EASY The XXL flush swim platforms allow easy access onboard for your crew.

4. CONVERTIBLE AFT COCKPIT The U-shaped bench complete with a center table provides plenty of seating that cleverly folds away when not in use. It can even transform to a large sunbed for when at anchor.

5. ENTERTAINMENT ISLAND The optional entertainment island complete with sink, fridge, and optional gas stove or live-well.

6. HELM STATION True to the Jeanneau DNA, the Leader 7.5 Series 3 has a new, optional fiberglass t-top along with a sleek black profile windscreen.

7. DREAMY FORWARD SUNPAD Moving forward to the bow, a sun pad stretched the full width with two adjustable backrests, perfect for those days in the sun. Both entertainment spaces can be fully protected from the sun with option sunshades.

8. OVERNIGHTS ARE POSSIBLE Slip below and you'll find a nice spacious salon with plenty of seating, a small galley, and a private head. For overnights, the seating area easily converts to make a double berth, making the Leader 7.5 Series 3 much more than just a day boat.

6.5 WA

LEADER 6.5 WA

1. MODULAR COCKPIT The aft cockpit bench can be L-shaped or U-shaped and converts to sundeck. There is a cockpit storage locker to port and both bolster seats from the helm can pivot to face the cockpit.

2. FORWARD SUNDECK Forward, you will find a large secured recessed sundeck with access to the optional electric windlass.

3. EXTENDED SWIM PLATFORMS To aft you have long, flush swim platforms with handrail and exterior locker compartment.

4. INTERIOR SALON Down below, two single beds convert into a double berth with space for a chemical toilet and porthole for ventilation.

LEADER CC

Game-Changing Center Console

LEADER 10.5 CC
35' 9"

LEADER 9.0 CC SERIES 2
30' 10"

LEADER 7.5 CC
25' 4"

LEADER 6.5 CC
22' 6"

Whether you're cruising for a weekend away or enjoying a sunset cruise with friends, the Leader Center Console lineup is innovative and built for the North American market.

Overnight capabilities | **Optional air conditioning** | **Large deck entertaining spaces**

10.5^{CC}

LEADER 10.5 CC

1. MEET THE INNOVATIVE FLAGSHIP The Leader 10.5 CC is meant to fulfill the needs and wishes of boating families who want it all—comfortable day boating, multiple towed watersports, swimming, and yes, even fishing! She comes equipped with a see-through recirculating livewell, nine rod holders and the cockpit seating folds away to make room for reeling in your catch.

2. HIGH PERFORMANCE HULL The Leader 10.5 CC blends the predictable handling across a broad range of conditions, with the excellent performance and fuel efficiency characteristics of a proven Michael Peters hull. The Leader 10.5 CC is offered with two twin-outboard power options—300-hp or 425-hp four-cycle engines.

3. EASE OF MOVEMENT & SAFETY For ease of moving around the boat, the cockpit sole is kept on one level, with wide side passages on both sides of the console, and with high bulwarks topped with stout stainless steel handrails for moving safely underway. Boarding takes place on the port side, using either the swim platform that is equipped with a handrail, or the opening hull side door that can be equipped with a removable swim ladder for those enjoying watersports.

4. PROTECTED HELM STATION The extra-wide console is protected on three sides by windshields and has abundant room for twin multifunction displays, with steering and engine controls close at hand. Plus air conditioning really cools down the helmsman and crew. Overhead, a standard hardtop offers sun protection and is equipped with a sliding hatch for additional ventilation. Here, too, five fishing rod holders can be mounted.

5. OUTDOOR GALLEY Just abaft the triple seats is a large console dedicated primarily to outdoor galley duties, complete with a refrigerator and grill, and with storage left over for optional items like a livewell for bait.

6. SPEND THE NIGHT The Leader 10.5 CC has accommodations for four beneath the console and stays cool with air conditioning powered by lithium battery or generator. The forward cabin has a lounge that converts to a double berth, while the aft cabin offers a fixed double—a unique offering not found in other center consoles. Additionally, there is a private head compartment with a separate shower, and a cabinet that can house an optional microwave and refrigerator.

7. POWERED BY LITHIUM BATTERIES Power your air conditioning, grill, TVs, water heater, microwave all on an innovative lithium battery with a digital management system. Reduce maintenance, fuel costs, and enjoy peaceful quietness onboard. The system will also power your gyroscopic stabilizer.

NEW 9.0 CC SERIES 2

LEADER 9.0 CC S2

1. CENTER CONSOLE DAY BOAT BUILT FOR EVERY ADVENTURE The Leader 9.0 CC Series 2 redefines the family day boat with a sleek new hull and elongated profile, delivering smoother cruising across varying sea conditions. Its wraparound windscreen, better ventilation, dual co-pilot helm seats, full-size display, and joystick-controlled bow thruster fuse comfort with sporty responsiveness.

2. MODULAR OUTDOOR LIVING Every inch of outdoor space aboard this model is crafted for versatile enjoyment. A fold-down terrace offers easy water access, while the modular cockpit transforms from a cozy dining area to a spacious sunpad—or opens up entirely for fishing. The customizable leaning post can include a grill, plancha, sink, fridge, or livewell—tailoring your day on the water.

1. SMART INTERIOR LAYOUT DESIGNED FOR FAMILIES Within, an efficient, well-ventilated layout ensures every movement feels intuitive. A wide companionway enhances safe cabin access, while optional features like a shower compartment, separate head with plexiglass partition, and “Interior Ambiance Pack” with an aft mattress add layers of comfort. The cabin becomes the perfect retreat—whether for a quick nap or freshening up before returning to shore.

7.5 CC

LEADER 7.5 CC

1. CLEVER DESIGN Designed by Michael Peters, the Leader 7.5 CC Series 3 with its performance hull, clever design, and attention to comfort onboard, sets this center console in a category all its own.

2. BUILT FOR PERFORMANCE At 25' 4", the 7.5 CC Series 3 is in many ways the perfect size boat for so many of our clients. Powered by a single Yamaha outboard with a maximum of 300HP, the Leader 7.5 CC Series 3 will easily get you to where you want to be quickly, safely and in total comfort. With a cruising speed of 30 mph and with a top speed of 46+ mph, you can cruise for 200 miles before a fuel up.

3. AT THE HELM A fiberglass T-top was added for full sun protection at the helm. The Leader 7.5 CC Series 3 can be equipped with optional autopilot, a Single Engine Yamaha joystick, and bow thruster. There is also an option for electric steering (SBW).

4. EASY ACCESS ONBOARD The XXL large flush swim platforms make it easy to board on either port or starboard.

5. ENTERTAINING SPACE Beginning all the way aft, the U-shaped bench complete with a center table provides a plethora of seating that cleverly folds away when not in use. There is an optional leaning post with an exterior galley complete with a fridge or live-well.

6. FORWARD COCKPIT More great seating that can quickly convert to a massive lounge area can be found all the way forward directly in front of the helm station. The bench seat hatch in front of the helm also fully opens to down below allowing you to stow cushions and toys easily. Both forward and aft cockpits can be fully protected from the sun with an optional sunshade.

7. SPEND THE NIGHT There is even a double berth below complete with a marine toilet making overnights easily accomplished aboard the Leader 7.55 CC Series 3.

6.5^{CC}

LEADER 6.5 CC

1. CLEVER DESIGN FEATURES This 22-footer is packed with clever features such as a sliding door to access the storage in the console and an available T-top with canvas cover to keep the center of gravity low. The Leader 6.5 CC is powered with a 200 HP engine that will take her to over 45 miles per hour (smaller engine options available).

2. FRONT COCKPIT The front cockpit has a U-shaped bow seating and converts into a large sunbed. The cushions can simply be stored by lifting the seat located in front of the console for direct access to the storage compartment.

3. HELM STATION & AFT COCKPIT Choose between the standard or upgraded bolster seats or a leaning post for a sportier driving position. The aft cockpit can transform into a cocktail area or another sunbed as if you were on a thirty footer! Oversized swim platforms give easy access to the water.

OUR COMMITMENT

PRESERVING MARINE BIODIVERSITY

The marine environment is one of the most fragile ecosystems on our planet. As demonstrated by our ISO 14001 environmental certification, we are actively working to meet this environmental challenge. Each new Jeanneau boat integrates standard equipment that helps protect and preserve our natural environment.

GARMIN®

As a world leader in marine electronics, Garmin designs products that fuel your passions. Suitable for life outdoors, their products are designed so that you can fully enjoy your time spent on the water. You love getting out on the water. Not a day goes by without you thinking of it. The smells, the sounds, the feeling of being elsewhere. Nothing satisfies you more. At Garmin, we design products that are easy to understand, simple to use, intuitive, and dependable from season to season so boaters can confidently get out on the water.

The partnership between Jeanneau and Garmin offers you a complete range of electronics on board. Even when you're not on the water, you can stay connected to your boat with the Active-Captain® app.

Jeanneau proudly incorporates the latest four-stroke outboard technology from Yamaha Motor Corporation into our boats. We've partnered with Yamaha Marine for their unmatched performance, unwavering quality, and cutting-edge technology. Our factory technicians will expertly pre-rig and install your selected Yamaha four-stroke engine. For detailed performance specifications on any boat and engine combination, please reach out to your local Jeanneau dealer.
